## Customer Reviews

I am ordering this for a friend in Japan, after having used it myself for years. I give it often as a gift, because it contains so many recipes that are on the "favorites" list of everyone in my family. You won't be sorry!

I don't even know where to start. I absolutely love this cookbook. My mother used it when I was growing up. Once I moved out, the first thing on my agenda was to get my own copy. I'm on my second copy (dog destroyed the first one) and it never disappoints. I have given all of my friends copies of this cookbook as well. Everyone loves it. None of my other cookbooks even compare to this one.

I personally own over 400 cookbooks & have found Junior League Cookbooks to be one of my favorites. They are "tried & true" recipes for any age. This one contains very unusual recipes & some old standards. Can't go wrong with this one

I have yet to try a recipe from this cookbook that I didn't like. I've been using this cookbook for about 8 years, and I have recommended it to ALL of my friends. If you like food, you'll love this cookbook.

This cookbook is so full of Oregon history and great recipes that I ordered a copy for each of my grown children and myself. The recipes are easy and clear, maybe even mistake proof. Even my sons will enjoy it. It's wonderful to have my own history, I was born in Oregon, in a cookbook!

I lived in Eugene as a young mother. This was a standby favorite cookbook that includes many family favorites. We now have two homes and there is a copy in each kitchen. I just bought it for my daughter in law. Cookbooks put together by groups include tried and tested favorite recipes.

I love this book so much that I sent a copy to my daughter...just to be told this is now the second copy I gave her. It is definitely my "go-to" recipe book. Most recipes are simple and include ingredients I already have on hand. I initially tried to buy the book at a local store, but it was unavailable. The owner told me she "can't keep the book on the shelves. It sells out immediately."

My mom had this book, I'm trying to find if it has a Swedish Meatball recipe in it....she had a few classic recipes that she used every christmas, and the one I'm missing her Swedish Meatball recipe...I can't find it in her recipe box and I don't have her cookbooks. Anyway, if anyone can help me to know if this is the right book...that would be very helpful. thanks!Her version had the spiral binding.(ps. I can't ask my mom for the recipe or where she found it because she passed away a few years back)
