# Field Manual FM 3-21.75 (FM 21-75) The Warrior Ethos And Soldier Combat Skills January 2008

## Synopsis

This field manual provides all Soldiers the doctrinal basis for the Warrior Ethos, Warrior Tasks, and other combat-critical tasks. It also updates weapon, equipment, and munitions information. This FM is not intended to serve as a stand-alone publication. It should be used with other Army publications that contain more in-depth information. The target audience for this publication includes individual Soldiers and noncommissioned officers throughout the Army. This book applies to the Active Army, the Army National Guard (ARNG)/National Guard of the United States (ARNGUS), and the US Army Reserve (USAR) unless otherwise stated.

## Customer Reviews

The only certainty about our national future seems to be avalanche of chaos coming to a community near you. It appears it is time to "Psychologically Prepare for Violence". And I was just getting ready to look forward to retirement. I saw this on (you know how you find things online that you aren't looking for?) and thought it would be a prudent addition to my resource library and a good refresher overview of the infantry skills I learned in the Army decades ago. All the basics of modern warfare are here and since this published in 2008 during a time of war for our nation, it is about as up to date as it could be. Violence in America is on its way and knowing how to effectively deal with it to protect your family, friends, and community makes a lot of sense.

If you like to camp in remote areas then you owe it to your self and family to take this book of

amazing outdoor survival skills with you and read it! Sure you can learn about combat tactics, but the survival and medical skills covered makes it worth it alone. Really an informative and intriguing read to be honest!

Quick delivery and everything I expected.

just as I remember it

Delivered as promised

Nice to Know.

you can print the FM off from the web but i do like to have the nice book rather than a binder of pages.

This book has a lot of very good information. It is a very good book to have in your library.
