## Customer Reviews

This is a nice house plan book. It has many to choose from and all the photos are in color. There was a page missing, but I guess I can live with it. Who knows, that could of been my dream house!

This book is good to start the design process for a new home. I found there wasn't one design that was just right for us. For the money, worth it for research.

This book was exactly what I wanted. There are some fresh ranch home styles I had not considered before; excellent idea book!

Not what I thought is was to help me.
