Customer Reviews

When I had the opportunity to buy this book I hesitated. I felt the need to see the cover before I bought it. Then I realized that this was a Better Homes and Gardens Christmas book and it would be highly unlikely that I would be dissappointed. I was right. It is great. I've already found the perfect picture for my 4 year old nephew's room for next Christmas. And, the perfect sampler for his parents. The book is full of a wide variety of deigns. From country casual to traditional, from children to adult, there is bound to be something for every taste. One thing I have found as I collect the BH&G Christmas books, is that they are all good. I may not want to do every project but there is always something that suits me or someone I know. The color and design coordination is excellent. And, I'm reminded by their patterns that what I am creating for myself is a memory and for others, an heirloom. Also, lately, you can't deny that the price is right. What with the cost of patterns, these books are a real bargain (when you can find them.) So gobble this up while you can find it. I hope you'll be as happy as I am.

Lots of cute patterns. A couple of the designs I would like to do they suggest using 25, 28 or 32 count. I prefer 14 count so I guess mine will end up being huge LOL Many patterns are for 14 count too. There are patterns with santas, snowmen, a nativity and lots more. There are patterns for stockings, ornaments, wall hangings, pillows and more.

This book is packed full of Santa charts, snowmen and more! My favorite chart is the one that has the glass Christmas ornaments on it. It suggests making it into a serving tray, but I want to stitch and frame it. This book will not disappoint!

Due to the summer holidays and lots of postmen on vacation, we received this book after some delay, but it was well worth the wait. And thanks again to s outstanding customer service for all the help. No doubt I won't be seeing much of the mrs. until Christmas, as she will be very busy studying all those beautiful embroidery charts in this great book.

Very easy to follow and the patterns are beautiful. Has both large and small patterns for the holiday. Love that it is hard covered.
