## Customer Reviews

Easy to understand, clear directions and a cute storyline and cute patterns to make toys. Great product

The animals are extremely cute! However, the instructions are difficult to understand. I think that this product is from the UK. I am an avid sewer and I had to have a friend help me decipher the instructions.

Very cute projects, good directions.

Fun projects. Well written.

I purchased this book for my daughter's 9th birthday. She really enjoys it. If you have a crafty gal that likes to do her own projects, she would enjoy this book.

The horse was really a brilliant design. The other designs were not in the same calibre.

such happy, pleasant critters in these easy to follow patterns. The book has great pictures and the patterns make good sense.

Really cute . Haven't made yet but glad I read instructions before I started.
