# DSST Principles Of Statistics Exam Secrets Study Guide: DSST Test Review For The Dantes Subject Standardized Tests (Mometrix Secrets Study Guides)

## Synopsis

\*\*\*Includes Practice Test Questions\*\*\* Get the test prep help you need to be successful on the DSST Principles of Statistics test. The DSST Principles of Statistics Exam is extremely challenging and thorough test preparation is essential for success. DSST Principles of Statistics Exam Secrets Study Guide is the ideal prep solution for anyone who wants to pass the DSST Principles of Statistics Exam. Not only does it provide a comprehensive guide to the DSST Principles of Statistics Exam as a whole, it also provides practice test questions as well as detailed explanations of each answer. DSST Principles of Statistics Exam Secrets Study Guide includes:

- A detailed overview of the DSST Principles of Statistics Exam
- An analysis of foundations of statistics and sampling distributions
- A breakdown of probability
- An examination of inferential statistics and correlation and regression
- Comprehensive practice questions with detailed answer explanations.

It's filled with the critical information you'll need in order to do well on the test: the concepts, procedures, principles, and vocabulary that the Defense Activity for Non-Traditional Education Support (DANTES) expects you to have mastered before sitting for the exam.

The Foundations of Statistics and Sampling Distributions section covers:

- Sample survey
- Bias
- Dot plot and stem plot
- Quantile
- Central limit theorem

The Probability section covers:

- Relative fraction
- Multistage probability calculations
- Hypergeometric distribution
- Chi-square distribution

The Inferential Statistics and Correlation and Regression section covers:

- Classifications of estimates of population parameters
- Confidence level
- Null hypothesis
- Pearson's chi-square test for independence
- Correlation

These sections are full of specific and detailed information that will be key to passing the DSST Principles of Statistics Exam. Concepts and principles aren't simply named or described in passing, but are explained in detail. The guide is laid out in a logical and organized fashion so that one section naturally flows from the one preceding it. Because it's written with an eye for both technical accuracy and accessibility, you will not have to worry about getting lost in dense academic language. Any test prep guide is only as good as its practice questions and answers, and that's another area where our guide stands out. Our test designers have provided scores of test questions that will prepare you for what to expect on the actual DSST Principles of Statistics Exam. Each answer is explained in depth, in order to make the principles and reasoning behind it crystal clear. We've helped thousands of people pass standardized tests and achieve their education and career goals. We've done this by setting high standards for our test preparation guides, and our DSST Principles of Statistics Exam Secrets Study Guide is no exception. It's an excellent investment in your future.

## Customer Reviews

If youâ™re in the market to buy a guidebook to help you pass this exam, this is a great resource to add to your toolbox. Everything is clearly defined and well put together. You get everything you need to do well on this exam, including very helpful information on time management, avoiding procrastination and how to ace a standardized test. The authors have put a lot of time and research into this comprehensive guidebook. And the practice questions will really help you find out where you need to brush up on before test day. Itâ™s like having a sneak peak into the exam. Overall, this book is top notch and extremely beneficial if you want to ace the exam.

The DSST Principles of Statistics exam guide provides all the information you need to get a complete understanding of the material you need to know for the test. That includes, very detailed but concise summaries, a practice test with and answer explanation guide and a different strategies to help you stop procrastinating and to show you how to be best prepared come test day.

I feel that the study guide is very well written. It made a subject that I had almost no familiarity with easy to understand. I feel confident, prepared for my exam and expect very good results.

I just started using this but I feel it will be helpful in preparing for the exam.

written poorly, very confusing.
