Customer Reviews

I have a son who has turned into quite the birder. He twists any school project that he possibly can into something to do with birds and wild game birds are just another one of his interests. I purchased author Alkeith O. Jackson's "The Wild Game Birds Manual" for him and we have both given it a read. It is both of our opinions that this book is very thorough and informative. There is a great deal of information here on pheasants, raising them, caring for them and even common diseases. Above that there is some good information on a long list of other wild game birds. Definitely a great resource.

Awesome book!

IT'S OKAY BUT NOT VERY INFORMING,I WAS LET DOWN THAT IT REALLY DIDN'T TELL ME REAL DETAIL'S THAT I DIDN'T ALREADY KNOW AS A 2YR. NOVICE RAISING THESE BIRD'S..
