This book is amazing!! I sent one to a friend and she loved it. I purchaed one for myself now. I love coloring it. Hope she makes another. I would give this to any reptile fan. Or coloring fan. Great detail pictures. Just get it.

Each illustration is beautifully designed! The reptiles are all very detailed and each species is very distinct and easy to identify. Illustrations in this book include a bearded dragon, sulcata tortoise, green tree viper, a corn snake, a crested gecko and many more. There are over 30 different illustrations offered in this coloring book, so you're bound to find a critter that appeals to you if you're a reptile/amphibian fan.

Wonderful book! Unique and beautiful animals and designs with variety of critters to color! Love this book and highly recommend it to both reptile lovers and those who don't like the super difficult/detailed designs other books tend to have.

I love this book! This is EXACTLY what I want in an adult coloring book. It's gorgeous!

The linework and attention to detail is spectacular! Normally illustrations of reptile species are annoyingly incorrect, but these are all absolutely spot-on! The variety of animals represented is fantastic as well; it has more unusual animals as well as common pets, so there's something for everyone here. I've bought several for friends and one for myself!

I have 3 of Heathers coloring books and I absolutely LOVE THEM!!!! The illustrations are amazing and they are so much fun to color! Thanks again for the relaxing entertainment!!!

I love my signed books. I have several of the reptiles in here and I think she has done an amazing job. I highly recommend her books for all animal lovers.

All the illustrations are beautiful, with just enough details (so you don't just get a greyscaled picture). The reptiles are so cute. I do recommend it!
