I can't wait to go camping this week and try out some of these receipes. They will be used at home as well, but I am excited. There are a lot of good ones, some I will put my own twist on but most I will keep as they are.

I found it to have a few great ideas that will inspire more ideas as working with a Dutch oven outdoors becomes a little more familiar. This book covers all of the beginner info for cast iron use and care which is extremely important. I found the recipes to be a good sampling of concepts covering most items you would want to cook while camping.

After seeing the awesome reviews left by previous buyers, I had to try this. What I received was well below expectations and it is not a book I would purchase had I been able to view it in person. A cookbook should entice you to try recipes and typically will have at least a few pictures designed to make the mouth water. Not a single picture here and even the font seems to be an old-computer so the entire book loses any "shine". Yeah, yeah, these are small and petty things but they can be important to make a cook want to try the dish. More importantly, what about the recipes? Pretty standard fare. I rarely provide any reviews and this is the first negative one I've ever left. I truly believe the high rating left by others is a come-on to buy this book.

For me, it was totally NOT a camping cookbook. We camp every year in the Sierras, and I look for easy, tastiy, not a lot of ingredients, recipes. Those recipes are more for at-home cooking. People don't carry all different spices and herbs to cook when camping. Way too many ingredients. I lost the cook book that came with the dutch oven cast iron pot for camping with briquettes. It was wonderful. Sorry! Sharon

I love cooking in my Dutch ovens and cooking outside over an open fire just adds to the flavor of

your entire meal. You will be surprised at just what you can cook in your Dutch ovens and how great it will taste. Thank you and enjoy your meal and enjoy your day.

This is a marriage between two of my favorites: cast iron and camping. Cast iron cooking has been part of my heritage and I use cast iron cookware a lot. I got this book in preparation of a camping trip but I'll be making the Kickin Sweet Potato Fries for dinner.

All of the recipes sounded really good and would definitely add to the camping experience!! Plus it was a free download, great find!!

It's an inexact science, but I found the recipes I tried to be not very good, and the instructions as to how to heat the dutch oven to be less than helpful.
