Felt Fantastic: Over 25 Brilliant Things To Make With Felt

Synopsis

Over 25 fun and simple projects to make with ready-made wool felt. As well as flat felt and felt shapes, some of the projects include ribbons, buttons, beads and wool roving for needle-felting. There are projects for every age, theme and occasion, from jewellery and kid's toys to home accessories and decorations.

Customer Reviews

Well, I have to say I've been bitten by the felt bug after reading this book. First off there are so many adorable projects that I want to try, I don't know which one to pick first. The first section of the book is about supplies & techniques. I never really thought about different types of felt. She doesn't go into great detail about all of the types of felt, but does explain what you need to do if you are using a thinner felt, types of glue, etc. If you are looking for a book with a lot of projects, this is it. There are quite a few for kids, that look very do-able, yet adorable. There are projects for the home, and holiday projects. I think the coasters are super cute, and unique. The patterns are easy to read, and list every item you will need. I really love books like this one, that have a wide variety of projects and information for someone who is learning. I think I will start with the little girls purse pattern for my granddaughter. Now I'm off to the craft store!

fun creative ideas great directions

Great book
