I just got this from the library and liked it so much, I'm going to order my own copy. It is filled with absolutely adorable embroidery designs; mostly Scandinavian and retro-type designs, but some lovely home designs and sweet children. The first half of the book are very clear photos of the finished embroidery - each page with it's own theme, such as Scandinavian Forest Designs, A Visit to the Flea Market, A Tidy Kitchen, etc. There is also some cross stitch patterns. In the middle of the book, there is a section that gives detailed instructions for each stitch. The second half of the book has black and patterns with the types of stitches to be used for each design, and a color code for both Cosmo and DMC embroidery floss. There are also some sewing projects inside that you can add your embroidery to - a sweet little pouch, scissors case, pillow cases, a tea cozy and a cafe

apron. This book is a gem - and a must for anyone doing embroidery, especially those who enjoy Japanese zakka and folk style embroidery.

This book has great ideas for embroidery. I did buy the Kindle version.
