Synopsis

Crochet 10 Projects Of Trendy Crochet Shawls For most people, there is not a better way to spend their nights than relaxing in a comfy chair and enjoying their time with their families. Thereâ€™s actually one more thing you can add to this! What do you think about crocheting? You can also sit in a cozy armchair, talk to your loved ones, relax your body and mind and create something at the same time! To keep you occupied during these spring and summer days, I created a collection of summer shawls that you can create even if you are a novice in the crochet world. The patterns make use of simple single and double crochets but are interwoven in such a way as to create true works of art. The book also teaches you how to block your shawls and allow them to reveal their beautiful patterns. The shawls youâ€™ll find in the book can easily be combined with dresses, shirts, sleeveless tops, etc. You just have to prepare your crochet hook, choose the yarn and crochet your days away. Which of these shawls will you give a try? Loverâ€™s Knot Shawl Simple Summer Shawl Infinity Shawl Summer Berry Shawl Boho Shawl Dragonfly Shawl Fortune Shawl Alpaca Shawl Broomstick Lace Shawl Flower Of Life Shawl

Don't waste your time with this book. I saw 2 patterns in here that actually belong to Moogly. Who was in fact unaware that her patterns had been used without her knowledge or consent. Both the Berry Shawl and the Fortune shawl are available on Moogly's site for free. And yes, they are copyrighted. Makes you wonder about the other patterns available in this book.

This is just a quick review and not a full review. But the projects, the shawls, are beautiful and I look forward to trying them. A word of caution | I've seen reviews that say that a couple of these have copyrights from other people's work. Moogly was mentioned. I don't know if that's true I didn't take the time to research. Another reviewer pointed out that there are no instructional pictures. But since I haven't tried any of them I don't know if the written instructions are enough to get one by. Since I do my work for Hugger Hats, which are mostly hats for the homeless or those who have cancer, I occasionally throw in a scarf or a shawl because they think they need more than just hats. I think a shawl is a wonderful thing when a person needs comfort. So I will try some of these. I'll edit this review later when I've had a chance to crochet a few. For now, I'll leave it in my tablet so I can look at it later.

While the projects are interesting, the instructions are very difficult to follow. No diagrams or dimensions are provided. Not a book I would buy.
