## Customer Reviews

Another great cookbook by Patrick Smith! These recipes are easy to follow, contain easy to find ingredients, display the serving size and calories per serving. They are broken down into to categories: Breakfast, Lunch, Dinner, Sides and Snack (which also holds the desserts, yum!) There

are recipes that help you successfully use some traditional Greek ingredients including pitas and tahini sauce/dressing. I tried the Greek breakfast burrito and it was delicious; and I am looking forward to trying the Greek broiled tilapia and the Greek feta casserole!

I've only tried a couple of these recipes so far but they have been big hits with me and my husband. I am vegetarian and a lot of these recipes can be made to easily suit my diet. I have bookmarked so many of them to try but the ones we've sampled so far have already made repeat appearances in my kitchen. Easy to follow directions and simple ingredients, nothing too exotic or confusing to throw you for a loop. They say we should all be adopting more of a greek/mediteranian diet anyway. With such delicious food, why not?

If you are looking for some great tasting Greek recipes this is the perfect book for you! It is full of lots of recipes taken from the Greek cuisine. They use a lot of ingredients which are easily found at the local market and the recipes range in difficulty from those which can be completed in a few minutes to those which take a longer time to prepare. They are all tasty and delicious! It's a must for every kitchen!

I am not new to the Mediterranean way of cooking, but I was more used to Spanish and Italian cuisine. The moment I saw that Patrick Smith released a new cookbook, dedicated to Greek cuisine 100% I knew it was for me. There are 50 recipes that are nicely written and mouth-watering. It's really hot now where I live and I was really happy to find refreshing salad recipes or fruity COUS-COUS.

I am a newbie to Greek food so when I saw this book from Patrick Smith I jumped on it. I have gotten several of his books in the past and have never been underwhelmed. His books are always top notch and this one follows right along in that vein. I am looking forward to trying some of these recipes such as the Greek Nachos. Not too sure about Hummus at this point but I'm about to find out.

This is a very comprehensive cookbook! If you're interested in exploring the world of Greek food, this is the book for you. The layout is easy to follow. Cooks with all levels of expertise will be able to use this book. Just reading it makes my mouth water! Ha! Enjoy this well put-together collection of recipes. Now excuse me, while I go whip something up! :-)

I really loved the couple of recipes I tried so far. The Greek Egg Frittata was delicious and the Lamb Kebabs were amazing. The recipes are easy to follow and the ingredients aren't hard to find. I would have loved more images but that's just a side thought.

I spent 7 years in Glyfada Greece in the 80s and grew to adore Greek food. This is a great book with some delicious recipes. Everything from breakfast to tasty dinners is included. And of course some yummy Greek desserts. It is well written and well organized. I highly recommend.
