Customer Reviews

I like it and find it useful. I purchased this for my son to study for his trip to Portugal. I personally think the price is a little high but the information is useful and its a good quick guide and was easy for him to take on his trip. The phrases and words were common ones that he used a lot.

Ok for entry-level and casual learners. Difficult to say I used this sheet much after starting full time classes w/course content and textbooks; however, I expect to reference as a memory jogger post classes/in Brazil

This grammar guide was really useful. It had all the most basic grammar info I needed and some extras that came in handy. My only knock against it is that it isn't pocket size.

This is a handy chart/cheat sheet to help explain some basic grammar or provide a quick reminder or review. Useful content and there is a lot crammed into a small space.
