# The Ketogenic Kitchen: Low Carb. High Fat. Extraordinary Health.

## Synopsis

Cancer survivors Domini Kemp and Patricia Daly offer the first comprehensive ketogenic cookbook based on the most exciting new research on nutritional approaches to the prevention and management of cancer. For decades, the ketogenic dietâ€”which shifts the bodyâ€™s metabolism from burning glucose to burning fat, lowering blood sugar and insulin and resulting in a metabolic state known as ketosisâ€”has been used to successfully manage pediatric epilepsy. More recently, it has been used by the Paleo community as a weight loss strategy. Now emerging research suggests that a ketogenic diet, in conjunction with conventional treatments, also offers new hope for those coping with cancer and other serious disease. With endorsements from leading researchers and oncologists such as Dr. Thomas Seyfried (Cancer as a Metabolic Disease), *The Ketogenic Kitchen* offers more than 250 recipes, as well as meal plans and comprehensive scientific information about the benefits of a ketogenic diet, with sensible advice to help readers through periods of illness, recovery, and treatment. This North American paperback edition has been updated to include U.S. customary units of measure appearing side-by-side with metric measures.

## Book Information

Paperback: 464 pages

Publisher: Chelsea Green Publishing; 1 edition (September 2, 2016)

Language: English

ISBN-10: 160358692X

ISBN-13: 978-1603586924

Product Dimensions: 7.4 x 0.9 x 9.6 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 starsÂ Â See all reviewsÂ (3 customer reviews)

## Customer Reviews

I love this cookbook! It's full of glorious recipes and crammed with helpful information. I wanted it so much I ordered it before it was being sold here in the U.S. and waited impatiently for it to make its way to me. It was worth the money and the wait.

Great recipes! Worth to have if you like cooking and are looking for healthier options!

I have made a couple of the bread recipes from the book Hazelnut Bread and Courgette Bread. Both recipes were easy to follow and quick to make. The bread was really wonderful in fact I'd go so far as to say I think the Hazelnut Bread should be retitled Hazelnut Cake it was really delicious and indulgent. Having been gluten free for some time it was lovely to have moist bread that didn't crumble and fall apart when I tried to slice it. I can't wait to try more of the recipes. Highly recommend
