Customer Reviews

I have gone through about a half dozen books on wine, tasting, and cellaring lately and this is one of the better ones. Well rounded and thorough, it will leave you with a good understanding of the basics and is written well enough to make it enjoyable and interesting to read. Give it a try and then pop the cork on a new wine to celebrate your new knowledge of this interesting hobby.

When you order something, you shouldn't have to worry about when or whether it will arrive and what shape it will be in when it does. My experience with this transaction was impeccable.....timely delivery, pristine product, carefully wrapped. Don't hesitate to deal with these people.
