# Amigurumi Animals At Work: 14 Irresistibly Cute Animals To Crochet

## Synopsis

Amigurumi Animals at Work brings together 14 delightful animal patterns from the designers at amigurumipatterns.net. The result of a challenge to create an animal in their work outfit, this volume features a mole who searches his underground tunnels to mine precious minerals, a lobster that escaped to become a chef, a beaver offering his services as a construction worker, and more! Each project features clear, concise, and easy-to-follow instructions along with superb full-color photography, as well as a section that explains the basics of crochet so even beginners can join in the amigurumi fun.

Another fabulous book with cute Amigurumi patterns from some really great designers. I already have the first 3 Zoomigurumi books and this one is another great one with nice designs. I love the clean layout of the book and it is really easy to read as well. The patterns are easy to understand with step by step illustration of some of the more complex parts. This book is just great fun to look thru even if you don't make the patterns! So far I have made one pattern and planning to make more! You can't go wrong with this!

If you like to crochet amigurmi animals...this book is for you. It is filled with the unusual as well as the usual. Patterns are easy to read too. The cover squirrel with the wheelbarrow full of vegies is adorable.

I ordered this book at the same time that I ordered "Zoomigurumi 3" by the same author. These

projects are absolutely wonderful with clear photos and directions. It's a perfect addition to my crochet library.

Another great Amigurumi book. Easy to follow patterns. I just finished BOB the beaver and it came out really cute!

Amazing collection of working animals, I especially like the squirrel on the cover and the beaver in a hard hat. A lot of thought went into these designs and it will be fun to make them for my grandchildren.

I really like this book i love crocheting and making things for my family. Making animals for my great nieces for their bdays and holidays makes me happy because they love them. I really like how this book has each animal with a theme it makes them even more fun. i would highly recommend this book. Love it..

Great book and full of characters I would love to make. I love the sloth especially. The book is well written and so I hope I can follow the patterns as I am relatively new to crochet, but I'll certainly enjoy having a try.

These are just too cute to ignore. I have been paging thru this trying to figure out which one I will make first. They are adorable and very easy to make.
