Customer Reviews

Finally a coloring book for Dad!!! This coloring book is full of those little things that Dad says everyday. They are funny and true. I found the pages held color very well. The pages are a nice thickness, I was able to use markers with no bleed through. I was also excited to learn that Papeterie Bleu Adult Coloring Books has a full line. I received Papeterie Bleu Adult Coloring Books' Dad Life: A Manly Adult Coloring Book at a discounted price in exchange for my honest and unbiased review. However this in no way influences my review. My promise to you is my honest opinion! Thank you for taking the time to read my review, I hope you will find it helpful. Was my review helpful? If so please vote yes! If you did not find my review helpful please leave me a comment on how I can improve. Again I thank you for taking the time to read my review and I hope it was helpful!!

I purchased this coloring book for my Husband because we are often coloring with our youngest children. This book is very funny and filled with stereotypical dad sayings. There is not a single princess or superhero in the whole book and it's truly devoted to the wonderfulness of dads. The paper is thick with markers it does not bleed through. Also, if you press hard the paper doesn't rip easily. I was given the opportunity to purchase this product for a discounted price (or free) for my honest and unbiased review. This does not mean, however, that I will automatically rate this as 4 or 5 stars. Each rating I give for each product I receive is always 100% honest and based solely on my own use (or family member's) and experiences with them. Based on my history of reviews you will see that I am not afraid to rate a product as "poor" based on a bad performance, bad quality, or even not performing as expected. Thank you!

With all the adult coloring books out there, how do you choose? Well this book is very unique. It contains "dadisms" - sayings dads would totally say! These are so funny you can just picture a dad saying them. So yes, this book is for more than coloring. It's a pretty funny entertaining book. Because there are sayings on every page, you can't expect to see the intricate details that some other coloring books have. But that is not why you get this book anyways. When you need to just have a down time, just grab some coloring pens or pencils and you're all set. Simple, fun and hilarious me time. So the theme of this book is dads - so if you're a dad or need something for a dad this will work for you! The only thing that I would like to change is the material for the cover. Cool looking black matte finish, but it left fingerprints all over. But so not a big deal. I received this product at a discount in exchange for an honest and unbiased review.

What a fun idea! I wasn't really sure what to expect because the product page doesn't show you the coloring pages. First thing: it's not those crazy-complicated coloring pages you see everywhere else. You can probably get one of these done within an hour or less, instead of spending your next three weekends trying to finish it. The drawings are a little chunky. They have really funny sayings like "Because I said so" and "Pull my finger". Total dad humor. I love it. The only thing I don't like is the feeling of the front cover. It's not glossy, it's that fine sandpapery feeling... I can't describe it, but I don't like touching it. Minor complaint. I got this book at a discount in exchange for my honest review, but since I'm being honest, I don't think I'd pay the asking \$10 for this book in the future. It's cool, but not \$10 cool. But if you know a guy who could use some stress relief, that \$10 may be worth it. I'm giving mine to my brother-in-law who's got five kids!

This "Manly" adult coloring book is hilarious! I bought it for my husband for Father's Day so he could color with the kids and I (he got me a "Swear Word" coloring book for Mother's Day). I really love the fact that my husband (and I) say a lot of things that are in this book. The cover is very smooth, but I do need to caution you about touching it with greasy hands because it leaves fingerprints like crazy. The paper itself is a good thickness so you aren't worried about coloring on the next page or pressing so hard it leaves lines on the next page. The texture is also very smooth and works great with watercolor colored pencils, markers, and crayons. I haven't tried paints with it, but I think something other than watercolor paints would work okay with the texture and thickness. Overall, we're happy with this coloring book.

Review disclosure: I review products that I have a direct interest in and actually use in my life. I received this product at a discount or for free to leave my fair and unbiased review. I am not required to give this product a 5-star review; I am required to give my thoughts on how the product is. I am not associated with the company for this product nor did I receive any cash incentive. My review was honest and describes the products quality and how well it works for its intended purpose. I give honest reviews because I, myself, read the reviews to help me decide if I want to purchase products. If this review was helpful, please click "helpful" below. If you have any questions, don't hesitate to ask. Thanks for reading!

5 stars = Excellent, I loved it!
4 stars = Good, I really liked it.
3 stars = Ok, but not recommended.
