I'm really glad this was free with my Kindle Unlimited as I would have been disappointed if I had purchased it. First off, the author writes like English is not his first language or else the book was

very poorly edited. This makes following and understanding some of his instructions a bit of a challenge. Secondly, I wish this had actually been split into two different books. Right now the first half of the book includes recipes for a traditional stove top pressure cooker and the second half has recipes specific to the Instant Pot. With the Kindle format, this makes the table of contents very cumbersome as you have to scroll through 250 recipes before reaching the section for Instant Pot. I'm sure I will try some of the recipes but when I have to return a "borrowed" book before I can get something new from Kindle Unlimited, this will be the first to go.

I have purchased other cookbooks from Jamie Stewart. I was not disappointed with Top 500 Pressure Cooker and Instant Pot. I had received an Instant Pot for the holidays and had not been using it to its full use. After reading and going over the items in the book, I have gone out and purchased the things I need to try some of the great looking recipes. I have tried a couple and think they are great, and the speed in which they can be cooked is great. I would recommend this book to anyone that is looking to have a good reference book or cookbook for their Pressure Cooker.

I have been looking for a pressure cooker cookbook recently and I came across this one. I think it's great! I like a lot of the recipes and I'm pretty excited to try them out. One problem I seem to have with other books is that some of the ingredients are not very common in other recipes I use but that is not the case here. There are a lot of useful tips in the book and they come in handy, especially if you do not have a lot of experience with a pressure cooker. It goes above and beyond, I highly recommend it!

I actually have two pressure cookers, but never use them because I don't know any recipes. This book is genius! Firstly it starts with different techniques, then dives straight into recipes. The recipes are simple and convenient! And stuff that I actually want to eat! Prepare yourself to create yummy dishes in a short amount of time!

This cookbook is essential for pressure cooking and quick meals. The ingredients the book calls for are easy to come by and often pantry staples. The recipes are super smart and capitalize on the fast pressure cooking method, providing you with meals and snacks in a matter of minutes. The recipes are delicious and draw from various cuisines around the world. You'll find American favorites and classics as well as more exotic dishes like lentil curries and baba ghanoush. The steps are easy to follow and often as simple as putting all the ingredients in the pressure cooker and

turning it on. The result is always consistent and yummy. A fantastic compilation of the best pressure cooker recipes!

Top 500 Pressure Cooker and Instant Pot Recipes Cookbook Bundle by Jamie Stewart is a great cookbook for seasoned pressure cooker users and newbies alike. It has recipes from around the world, and there really is something for everyone. The recipe instructions are clear and easy to follow, even for someone like me whose all thumbs in the kitchen. Looks like I'll finally be using my pressure cooker!

I found this book "Top 500 Pressure Cooker and Instant Pot Recipes Cookbook Bundle" by Jamie Stewart a very experimental and a fun cook book and I am definitely going to give this a major place in kitchen cupboard. This book contains methods and techniques using pressure cooker and tips for cooking with a pressure cooker successfully. The food items are well categorized so that the user can select the food easily. Each meal is given along with its preparation time and servings yielded and that might really help our busy lifestyles. The food items to be cooked are listed under both conventional pressure cooker and instant pot pressure cooker as well. I am really looking forward to try the food items mentioned in this book.

A wholesome practical guide. This contains a whole lot of much-needed advice and tips that you cannot do without. I also like the recipes. A lot of them was treated. Every single tip and recipe were so carefully explained. This book is packed full with various recipes for many dishes. Food for every occasion and time. I found the breakfast recipes adding more variety to my morning meal table. There was hardly any dish I looked up and missed. This is a very careful and thorough book, done with perceivable passion. all the recipes I have followed turned out delicious and easy to make.
