On Toast: Tartines, Crostini, And Open-Faced Sandwiches

Synopsis

Be tempted by 100 tasty toasted treats. Keep it simple with a low cost, low effort, and a comforting snack. Toast has long been a go-to item that dons menus from seedy diners to even the fanciest bistro. In *On Toast*, lush photographs accompany 100 ideas for toast. From the simplest snack to the most complex and satisfying meal. *On Toast* even includes straight forward instructions for how best to toast your bread. Use in a sandwich, as a vehicle for condiments, as a side to dip into other meals, breakfast, lunch or dinner... the possibilities are endless! Let Kristan Raines tempt you with tasty toasted treats.

Customer Reviews

I am a bread addict. I love bread in about any shape or form, so what better than a cookbook devoted to great new ways to top good bread?! *On Toast* is brimming with delectable ideas for tartines, crostini and open-faced sandwiches. The book opens with an introduction, Types of Bread, Pantry and Toasting Techniques before moving into the recipes which are divided into season beginning with Winter. Now I had never heard of cookie butter until I read this cookbook. It includes a recipe for Apples and Cookie Butter. It sounds delightful, but I definitely don't need new ways to add calories to my diet! Fresh Ricotta and Olive Oil is so good. The recipe calls for spelt sourdough bread, but don't let that limit you! Spicy Chorizo and Scrambled Egg on sourdough or wheat bread makes a nice change for breakfast. Roasted Butternut Squash and Goat Cheese "oh my!! That is a lovely morsel just bursting with flavor! It's not all savory, though. There are many

treats for the sweet tooth, such as Strawberry and Chocolate Hazelnut Spread (utter bliss!) or Whipped Lemon Curd and Summer Berries or Raspberries and Chocolate. This is a beautiful cookbook filled with delightful recipes and gorgeous photos. Brighten up your day with something âœOn Toastâ•I received a copy of this book from Quarry Books for my honest review. All thoughts and opinions are my own.

Seriously loving this cookbook - the tartines recipes range from simple to complex, and all I have tried are really tasty and many have become regular items on my menu. My one complaint, and why it doesn't get 5 stars for the KINDLE version - there is no place, other than the index, where the tartine recipes are listed individually - it makes finding those favorites a bit of a pain. Of course, it's possible to bookmark, but I have SO many bookmarks that sorting through also takes time... a small complaint, but worth noting I think :),

I am a self-proclaimed toast addict and grew up eating your classic butter & jam, cinnamon, and cheese toast varieties. Since then, I've graduated into slightly more elevated versions â “ rarely does a day go by without a slice of toast smeared with avocado for breakfast â “ and I've so enjoyed using Kristan's book, On Toast, to try out new recipes. I love that the book is organized by season, encouraging the reader to shop for ingredients locally and seasonally. Personally, I can't get enough of her photography, and I love how the anecdotes for each recipe are filled with passion and nostalgia. It is the perfect gift for someone who loves to entertain or someone who loves to cook and create...or someone like me â “ a novice who is passionate about both.

Absolutely love this book! So much inspiration for having fun in your kitchen. Toast could be boring/ the same every day, OR you could have fun with it! The photos are beautiful and the recipes are well-written. I highly recommend this as an addition to your cookbook collection- or even a book to set on your coffee table!
