# Textile Collage

## Synopsis

Collage and textile work come together in an inspired collection of techniques and projects! When designer Mandy Pattullo weds collage with textile work, the result is a happy marriage of techniques. Mandy shows how to transform those hoarded bits of fabric, trim, and memory-filled domestic textiles into something new and personal. From sourcing and unpicking found material to creating portraits with transferred images, and projects too, Textile Collage is a unique resource of creative ideas.
